

ADDITIONAL CAR PARKING

A reminder to members that the Club has reached agreement with the BOP Racing Club for the areas indicated with the arrows below to be used as additional car parking when the Golf Club Car Park is full. The area is available after 9am daily, but is **not** available on Race Days. During permitted times you **ARE** allowed to open the gates for access. The BOPRC has kindly constructed a formed road down to the lower parking area.

We are grateful for the support of the BOPRC with this extra parking.
